

# GRADE POINT AVERAGE (GPA) CHEAT SHEET

As you will soon learn, there are many different definitions of GPA. Here are a few of them:

1. **Cumulative Numeric Average:** Fulton County calculates cumulative numeric averages for students by adding up all grades in all classes and dividing by the total number of classes taken. This numeric average is on a 100 point scale; i.e., 87.963 out of 100. Remember, failed grades, summer school grades, Night school grades and online grades are included in this. All courses listed on the transcript are averaged together. Also, Fulton County adds 7 points to the final passing grade for each Honors, AP and college course taken; therefore, the Cumulative Numeric Average is a weighted average. This is shown as the final grade on the transcript.
2. **Academic GPA:** Fulton County does NOT calculate averages on a 4.0 scale. First you must contact the college to find out how they calculate GPA's. Most will use this scale: A=4.0, B=3.0, C=2.0, and F=0. Looking at your academic courses (Language Arts, Math, Science, Social Studies, Foreign Language) assign a 4, 3, 2 or 0 for each course, add them together and divide by the total number of academic courses. This will be an estimated academic GPA. If the college gives extra points for Honors, AP and Joint Enrollment, please add the points before calculating. If the college takes off the additional 7 points added for Honors, AP and Joint Enrollment, do that first before assigning the 4, 3, 2, etc. Each college calculates GPA's differently; therefore, you may have 4 or 5 slightly different GPA calculations if you are applying to 4 or 5 different colleges. PLEASE NOTE: Contact the College Admissions office to find out how they calculate the GPA. *Fulton County counselors CAN NOT calculate GPA's for you.*
3. **HOPE Scholarship GPA:** The GPA for the HOPE Scholarship is calculated by averaging **ALL** academic courses (English, Math, Science, Social Studies, and World Language) taken in **high school**, including failed courses. **Grades from high school courses taken in middle school are not calculated in the HOPE GPA.** All courses are averaged together and students need to earn a 3.0 GPA for the college prep diploma and a 3.2 GPA for the career tech diploma to be eligible. In addition, all honors points are removed before the calculation and .50 weighting is added back in for AP courses only. The grading scale is as follows A = 90-100 = 4.0, B = 80-89 = 3.0, C = 70-79 = 2.0 F = 0. If it is an honors or an AP course, remove the 7 points before converting to 4, 3, 2 or 0. All AP courses can have .50 added back in. For ex: 96 in AP Lang/Comp. Remove 7 points = 89. 89= 3.0. .50 weighting added back in for an AP course, total weight for this course is 3.5. Please note: A 2.99 GPA does NOT qualify you for HOPE. All calculations are done by the Georgia Student Finance Commission.
